Lactation Consultant
Examination

**Comprehensive
Lactation Consultant
Exam Preparation
Course**

Mar. 19-24, 2018

NEW! 90 CERPS

Miami Valley Hospital

Dayton, Ohio

***Lactation Management
Course***

This course is a comprehensive review of the skills and knowledge needed for evidence-based professional lactation consultant practice. The course will help prepare candidates for the certification examination sponsored by the International Board of Lactation Consultant Examiners (IBLCE).

Six days of instruction and 54 hours of independent-study clinical exercises conclude with a practice exam to identify strengths and gaps in skill and knowledge. Interactive activities, slides and videos, and skill-building techniques create a uniquely warm and supportive learning environment.

**Bright Future Lactation Resource Centre's mission is
*Supporting the People who
Support Breastfeeding***

Linda J. Smith, MPH, IBCLC

Author of 4 lactation textbooks; internationally-known speaker & consultant; delegate to the United States Breastfeeding Committee

Course Objectives and Accreditation

Upon completion* of the course, participants will be able to:

1. Explain the biological processes involved in breastfeeding and human lactation
2. Describe psychological, sociological, and cultural issues affecting breastfeeding families
3. Explain pharmacological principles affecting the breastfeeding dyad
4. Interpret research findings that pertain to lactation and the mother-baby breastfeeding dyad
5. Discuss Legal, ethical, and professional issues of lactation consultant practice
6. Describe public health aspects and implications of breastfeeding
7. Explain normal and abnormal variations and conditions pertinent to the course of lactation
8. Demonstrate appropriate counseling skills that support breastfeeding women
9. Demonstrate clinical assessment, management skills, & use of breastfeeding equipment
10. Demonstrate test-taking strategies by completing a simulated examination

**Participants must complete 54 hours of clinical exercises as part of this comprehensive course.*

The 2018 Comprehensive course is approved for **90 CERPs** by the International Board of Lactation Consultant Examiners (IBLCE) and is approved by the Lactation Education Accreditation and Approval Review Committee (LEAARC).
